

Lunchtime Science

Invitation to institute-wide seminar:

October 10th, 2018, 12:15 pm, **Lecture hall 2**

Prof. Rivka Elbaum

The Hebrew University of Jerusalem, at the Faculty of Agriculture, Institute of Plant Sciences and Genetics, Rehovot, Israel

will give a presentation on

“bio-glass – from nature - possible roles and formation pathways in ... plants”

In this review talk, natural bio-glasses (and silica) produced in nature will be surveyed

The presentation is meant for clinicians and researchers alike.
Coffee and cookies will be served. Next lecture: November 7th, 2018
