

## Lunchtime Science

Invitation to institute-wide seminar:  
November 7<sup>th</sup>, 2018, 12:15 pm, Lecture hall 3

**Dr. Paul Zaslansky (known simply as 'Paul')**

**“Seeing the invisible update 11/2018: new clinically-relevant 3D imaging tools with electrons and X-rays”**

### **Fast imaging, in 2D and 3D, at the microscale**

Ever wonder what your sample surface looks like at the micron scale? Suspecting fracture, roughness or contamination?

Then WAIT NO MORE

We have electrons and photons to help us see the invisible, in minutes and with wonderful outcomes

The presentation is meant for clinicians and researchers alike.  
Coffee and cookies will be served. Next lunchtime-science: Dec 12<sup>th</sup>, 2018
